DATA ANALYST

A data enthusiast with 3+ years professional experience in analyzing complex datasets to extract actionable insights and enhance data-driven decision-making processes. Skilled in developing and maintaining effective dashboards, and visualizations to deliver accurate insights.

SKILLS

SQL | Python | Snowflake | Cloudera | Microsoft SQL Server | MySQL | Power BI | Tableau | dbt | Power Query | Azure DevOps | Octopus Deploy | Microsoft 365 | Visio | Visual Studio Code | Excel | Dataiku DSS | Github

PROFESSIONAL EXPERIENCE

QA Analyst Intern, Racad Tech Inc. (Vaughan, ON)

Jun 2024 - Present

- Tested Odoo software functionalities and analyzed integration capabilities to develop a custom business app.
- Ensured compliance and quality assurance of WordPress product templates with established standards.
- Collaborated with cross-functional teams to ensure alignment on requirements and effective solutions.

Data Scientist, CHS Inc. (USA)

Jul 2020 - Oct 2023

- Leveraged expertise in analyzing extensive and intricate datasets to discern patterns, trends, and insights crucial for informing strategic business decisions using Dataiku DSS.
- Utilized SQL for extracting, manipulating, and analyzing data to drive informed decision-making processes.
- Created and sustained robust data reporting tools, dashboards, and visualizations, in Power BI resulting in 40% increase in stakeholder satisfaction score due to the delivery of precise and timely insights.
- Cleaned and transformed data utilizing Python as well as tools such as dbt reducing data processing time by 20%.
- Developed, tested, and deployed data models using Azure DevOps Pipelines, ensuring a streamlined CI/CD process for rapid deployment saving deployment time by 15%.

Data Analyst Intern, CHS Inc. (USA)

May 2019 - Aug 2019

- Developed complex SQL queries across diverse data sources to conduct in-depth data analysis.
- Utilized Power BI to transform data using Power Query Editor and build dashboards to report key business information, improving data accuracy by 25% and streamlining the reporting process by 30%.
- Applied advanced data modeling techniques, including ER modeling in Visio to enhance data organization.

EDUCATION

Master of Science in Computer Science

University of North Carolina at Charlotte (USA)

Aug 2018 - May 2020 (GPA: 3.9/4.0)

Bachelor of Engineering in Information Technology

Saint Francis Institute of Technology (India)

Jul 2014 - Jun 2018 (GPA: 7.3/10.0)

CERTIFICATIONS

Dataiku Core Designer - Jan 2023

AWS Certified Cloud Practitioner - Feb 2022

VOLUNTEERING

Data Analyst, Fitness for Mental Health (Toronto, ON)

May 2024 - Present
